PROFESSIONAL SUMMARY

Highly skilled Senior Software Engineer with over 10 years of experience across diverse sectors including elder care, e-commerce, and education. Expert in the **PHP ecosystem (Laravel, Symfony, WordPress)** and modern frontend frameworks like **Vue.js and React**. Proven track record in streamlining deployments via **automated CI/CD pipelines** and leveraging **AI tools (GitHub Copilot, Grok)** to maximize development velocity. A proactive learner dedicated to staying ahead of industry changes and emerging technologies.

TECHNICAL SKILLS

- **Engineering Leadership:** Technical Ownership, Code Reviews, Architectural Design, Mentorship
- **Languages & Frameworks:** PHP (Laravel, Symfony, WordPress, CodeIgniter, Joomla), JavaScript (Vue.js, React, Node.js), Next.js, Redux, Tailwind CSS (Responsive Design)
- **Databases & Caching:** MySQL, Redis (Caching, Session Management, Data Collection)
- **Cloud & Hosting:** AWS (S3, EC2), CPanel Hosting Management, Control Panel Releases, GoDaddy, Docker, CI/CD (GitHub Actions/Releases)
- **Design & Collaboration:** Figma, Miro (System Architecture & UI Mapping), Adobe Photoshop, CorelDRAW (Asset Creation & Graphic Design)
- **AI Proficiency:** Advanced development via GitHub Copilot & Grok; testing of AI outputs for ethics and accuracy

PROFESSIONAL EXPERIENCE

QualitApps Asia (Pvt) Ltd | Senior Software Engineer | April 2022 – July 2026

- **Scientist Collaboration Portal:** Leading full-stack development of a web portal for researchers using **Laravel and Vue.js**, implementing automated **GitHub Releases and CI/CD pipelines** to ensure rapid, reliable delivery.
- **Questionnaire System:** Developed a Laravel-based questionnaire platform for the science community to collect research data, leveraging Redis for optimized performance and scalability.
- **Technical Leadership:** Performing regular **code reviews** to ensure high standards of code quality, security, and maintainability across team projects.

- **AI & Productivity:** Utilizing **GitHub Copilot and Grok** to accelerate feature development; manually testing AI/LLM outputs for bias, safety, and ethics to improve model accuracy.
- **Climate Change Solutions:** Main backend developer for the "Odour Collect" application using **Laravel**.
- **CMS & E-commerce:** Developing and maintaining custom **WordPress** platforms and e-commerce sites with integrated payment gateways for international clients.
- **Education Sector:** Contributed to the development of student management and application portals for a Spanish university using **Laravel and Vue.js**.
- **Legacy Modernization:** Migrated a pharmaceutical ERP system from **CodeIgniter 2.2.5** to **3.1.10**, improving system security and performance.

Beyond Technologies Private Limited | Senior Software Engineer (PHP/WP) | May 2021 – Feb 2022

- **Project Management Leadership:** Conducted **JIRA training** for employees to enhance project management efficiency and team workflow.
- **WordPress Development:** Developed responsive front-end and back-end components for high-traffic health-related websites using **WordPress**.
- **Cloud Infrastructure:** Successfully migrated servers to **AWS**, enhancing platform scalability and performance.

Oensys Capital (Pvt) Ltd | Consultant Software Engineer | June 2019 – Dec 2020

- **Elder Care Systems:** Designed and developed a specialized **Elder Care system** for a UK-based client using **Symfony, React, and Node.js**.
- **Quality Governance:** Conducted **code reviews and quality assurance** while creating comprehensive user manuals to ensure high standards of software delivery.

Durdans Hospital PLC | Software Engineer | June 2017 – Aug 2018

- Integrated laboratory reporting systems using **CodeIgniter**, enabling online access and kiosk-based printing for patients.

University of Moratuwa | Software Developer | Feb 2017 – June 2017

- Developed Java-based language translation components for the Maths Tutor educational system.

PlusProOS (Pvt) Ltd | Software Engineer | April 2015 – Dec 2016

- **Multi-Functional E-commerce Platform:** Developed a comprehensive UK-based platform using **CodeIgniter** that integrated an **e-commerce store for electrical products**, a **utility bill comparison engine**, and social networking features.

- **Quality Control:** Conducted unit testing and supported business procedures to ensure platform stability.

Shimon SoftHouse (Pvt) Ltd | Associate Software Engineer | June 2014 – Dec 2014

- Developed telephone-integrated systems for Japanese clients using **Twilio** and **CodeIgniter**.

Xiteb (Pvt) Ltd | Senior Software Developer | Oct 2012 – April 2014

- **Custom CMS:** Tailored **WordPress** development for government authorities and augmented reality tech companies.
- Developed social networks and real estate websites for Australian clients using **CodeIgniter**.

Orit Trading Lanka (Pvt) Ltd | Software Programmer | June 2012 – Sept 2012

- Developed and modified intranet modules and managed ERP systems.

eMerge Solutions (Pvt) Ltd | Trainee Software Developer | Oct 2011 – April 2012

- **Project Development:** Contributed to a patient registration system for Lanka Hospitals Corporation PLC and an ERP for a pharmaceutical company.
- **Web Development:** Developed a professional website for a **shipping company** using **Joomla**.

EDUCATION & MEMBERSHIPS

- **Bachelor of Technology (Computer Engineering)** | The Open University of Sri Lanka | *Completed 2013.*
- **Associate Member** | Institution of Engineers, Sri Lanka (IESL) | *Since 2014.*
- **Certifications:** Agile (Jira), Python (Coursera), Web Development PHP/MySQL (SLIIT).
